

## **A NEW PERSPECTIVE**

Subject: THANK GOD FOR BARACK OBAMA

That is right – I will say it, THANK GOD FOR BARACK OBAMA

WHY?

He destroyed the Clinton Political Machine – Driving a stake thru the heart of Hillary's Presidential aspirations – something no Republican was ever able to do. Remember when a Hillary Presidency scared the daylights out of you!

He killed off the Kennedy Dynasty – No more Kennedy's trolling Washington looking for booze and women wanting rides home. American women and Freedom are safer tonight!

He is destroying the Democratic Party before our eyes!

Dennis Moore had never lost a race – quit

Evan Bayh had never lost a race – quit

Byron Dorgan – had never lost a race – quit

Chris Dodd – had never lost a race – quit

Harry Reed - Soon to be GONE

These are just a handful of the Democrats that whose political careers Obama has destroyed! By the end of 2010 dozens more will be!

In December of 2008 the Democrats were on the rise. In the last two election cycles they had picked up 14 senate seats and 52 house seats. The press was touting the death of the Conservative Movement and the Republican Party.

In one year Obama put a stop to all of this and will probably give the House, if not the Senate back to the Republicans.

He has completely exposed liberals and progressives for what they are. Every Generation seems to need to relearn the lesson on why they should never actually put liberals in charge. He is bringing home the lesson very well!

Liberals tax, borrow and spend – check

Liberals won't bring themselves to protect America – check

Liberals want to take over the economy – check

Liberals think they know what is best for everyone – check

Liberals aren't happy till they are running YOUR life - check

He has brought more Americans back to conservatism than anyone since Reagan.

In One year he rejuvenated the Conservative movement and brought out to the streets millions of Freedom Loving Americans.

Name me one other time in your life that you saw your friends and neighbors this interested in taking back America!

In all honesty, one year ago I was more afraid than I had ever been in my life. Not of the economy but of the direction our country was going. I thought Americans had forgotten what this country was all about.

Barack Obama has awakened Americans.

**And besides all of the above, he has sold more guns and ammo than any other gun salesman in recent history.**

***Again I want say Thank you Barack Obama!***

*(Guess that Hopey/Changey thing is working after all, hee hee)*
