

Pictures from London

This is beyond scary! This makes you wonder, doesn't it? Can you imagine having a Christian demonstration against Islam in downtown Baghdad?

View the pictures below and decide how you really feel about the future of the Western World. These pictures are of Muslims marching through the streets of London during their 'Religion of Peace Demonstration.'

Why would anyone think that we should be at war with such nice, peaceful Muslims? You need to forward this one to everyone! These pictures tell it all! Muslims have stated that England will be the first country they take over! These are pictures not shown on American TV or in American Newspapers, but were forwarded by a Canadian who thought All Christians ought to know.
