

So, Lets Recap "2009" what a year!

1. The American people elect a black president with a total of 142 days experience as a US Senator from the most politically corrupt state (city) in America whose governors have been ousted from office. The President's first official act is to order the close of Gitmo and make sure terrorist's civil rights are not violated. **An honest mistake?**
2. The U.S. Congress rushes to confirm a black Attorney General, Eric Holder, whose law firm we later find out represents seventeen Gitmo Terrorists. **An honest mistake?**
3. The CIA Boss appointee, Leon Panetta, has absolutely no experience, has a daughter Linda, we find out, who is a true radical anti-American activist and a supporter of all the Anti-American regimes in the western hemisphere.
There were socio-economic factors involved!
4. We got the second most corrupt American woman (Pelosi is #1) as Secretary of State; bought and paid for. **You can put lipstick on a pig, but it still stinks!**
5. We got a Tax Cheat for Treasury Secretary who did not properly file his own taxes for 12 years. **He misspoke!**
6. A Commerce Secretary nominee who withdrew due to corruption charges.
Another honest mistake?
7. A Tax cheat nominee for Chief Performance Officer who withdrew under charges.
Hmmm another screw-up?
8. A Labor Secretary nominee who withdrew under charges of unethical conduct.
OK, maybe this person was just plain stupid.
9. A Secretary HHS nominee (Daschle) who withdrew under charges of cheating on his taxes. **I'm running out of excuses for these idiots!**
10. Multiple appointments of former lobbyists after an absolute campaign statement that no lobbyists would be appointed. **Dear God, I am getting a headache!**

All this occurred just during the *first three weeks*; but who's counting? America is being run by the modern-day Three Stooges: Barry, Nancy and Harry and they are still trying to define stimulus. It's called SPENDING! We're BROKE. That means we have NO MONEY, you IDIOTS!

The congress passes the \$800,000,000,000 (that's \$800 billion) pork-loaded spending bill where the government gives you a smidgen of your tax dollars (\$13 per week), making you feel so good about yourself [stimulated], that you want to run out to Wal-Mart and buy a new Chinese-made HDTV and go home and watch Telemundo! Only with the Liberals. Pray for our country.

Here's the good news though - Obama took Air Force One to Denver to sign the stimulus package, wasting as much as 10,000 gallons of fuel OR - 24 JOBS FOR ONE YEAR.

Don't you just love hypocrites?

Speaking of praying, Obama has now been president for eleven months and yet he and wife (first lady) Michelle, the Christian family they claim to be, have not attended church since the inauguration.

He must miss Reverend Wright! In these times 'I'll keep my God, my freedom, my gun and my money. Anyone that supports this insanity can keep "THE CHANGE".

WE CAN'T STAND MUCH MORE "CHANGE" - LET'S VOTE 'EM OUT!
